

## REMARKS

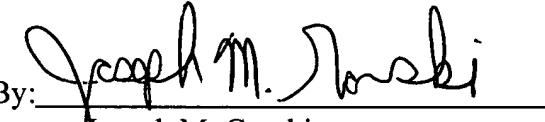

The present amendment is submitted under the provisions of 37 C.F.R. 1.312, i.e. after issuance of the Notice of Allowance. This amendment involves editorial revisions of the specification, claims and abstract. These revisions, even though strictly of an editorial nature, are necessary to ensure accurate and proper disclosure and protection of the invention. The amendments to the claims do not alter the scope of the claims, and therefore will not require any additional search or examination by the Examiner.

Therefore, it is submitted that entry of the present amendment clearly is warranted under the present circumstances, and such entry hereby is requested.

Respectfully submitted,

Toshio MIKIYA et al.
